
Spin-the-Bottle Summerland Tour / 4 Hour Tour

Ladies, Sit back, Relax and Enjoy, Okanagan Wine Country.

This is the perfect experience for ladies with multiple tastes. Sip a selection of award-winning wines. Enjoy the refreshing ciders made from 100% Okanagan fruit, sample some flavourful spirits and soak up the spectacular scenery.

Dirty Laundry Vineyard

This winery set a new benchmark for slightly outrageous labels in 2009 when it released a red wine called Bordello. In the late 1800's a Chinese railroad laborer opened a laundry that also offered whiskey and women in the upstairs, the reputable locals quickly called his establishment, "Dirty Laundry." The tasting room offers a peek into the old days with a salon-style bar, and a vast array of "naughty" items to purchase for the wine lovers on your list.

Summerland Heritage Cider Company

Generations ago cider was *the* drink in parts of Europe. It was made on virtually every farm and often safer to drink than the water. After harvest the cider apples were crushed and the juice fermented and aged slowly over the winter months with the cider ready to drink the following year. Summerland Cider Co. follows this same timeline as they know you just can't hurry good cider.

Okanagan Crush Pad Winery

Okanagan Crush Pad, producers of Haywire wines, quickly built a reputation from their portfolio of premium wines and wine-infused spirits under the Narrative label. With winemaker Matt Dumayne at the helm of this innovative facility, it has received unprecedented awards and accolades. Visitors are welcomed to their guest center that is built into the heart of the winery, offering rare glance into the art of winemaking and a place where they can sample and purchase a wide range of wines, spirits and sparkling wine.

Dominion Cider Company

It all starts with heirloom apples. Dominion craft cider includes a variety of heirloom cider apples with crab and dessert apples added for distinctive taste in each batch. With such a rich heritage of apple growing in the Okanagan we are spoiled for choice. From branch to bottle, everything is done by hand from picking apples, pressing the juice to bottling and drinking it with you at the tasting bar.

Reservations are Required: Subject to Availability

Spin-the-Bottle Summerland Tour

1PM Departure

- ❖ Luxury, tour vehicles
- ❖ Complimentary Tastings
